UNITED STATES OF AMERICA  
DEPARTMENT OF TRANSPORTATION  
OFFICE OF THE SECRETARY  
WASHINGTON, D.C.

Issued by the Department of Transportation on March 29, 2001

**NOTICE OF ACTION TAKEN -- DOCKET OST-98-4486 - 9**

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Applicant: **MNG Airlines Cargo Inc.**

Date Filed: February 7, 2001

Relief requested: **Renew** exemption from 49 U.S.C. 41301 to conduct charter foreign air transportation of property and between Turkey and the United States, and between the United States and third countries. **Amend** to add authority to conduct scheduled foreign air transportation of persons, property and mail from behind Turkey, via any intermediate points, to any points in the United States, and beyond the United States with full traffic rights.

Applicant representative: Teken Ertemel 90-212-6974538

Responsive pleadings: On February 22, 2001, United Air Lines, Inc., filed an answer stating that MNG's request for authority to operate scheduled passenger/cargo combination services is inconsistent with the transition regime of the U.S.-Turkey open-skies agreement. On March 19, 2001, MNG filed a reply clarifying that, as an all-cargo carrier, it is seeking authority to operate scheduled cargo services only (and not passenger/cargo combination service), as provided for in the U.S.-Turkey open skies agreement.

**DISPOSITION**

Action: Approved in part, Remainder dismissed

Action date: March 29, 2001

Effective dates of authority granted: March 29, 2001 - March 29, 2003

Remarks: We are approving MNG's application, as clarified by its March 19, 2001, pleading. Specifically, we are granting MNG authority to conduct charter foreign air transportation of property and mail between the Turkey and the United States and third countries; and scheduled foreign air transportation of property and mail from behind Turkey, via any intermediate points, to any points in the United States, and beyond the United States with full traffic rights, pursuant to the provisions of the U.S.-Turkey open skies agreement.<sup>1</sup> We are dismissing that portion of MNG's application to the extent it requests authority to conduct scheduled U.S.-Turkey passenger/combination operations. The record indicates that the carrier is properly licensed and designated to undertake the proposed all-cargo operations.

Except to the extent exempted/waived, this authority is subject: X Standard exemption conditions (attached)

**Action taken by: Paul L. Gretch, Director**  
**Office of International Aviation**

We found that the applicant was qualified to perform its proposed operations.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
